

Promod Vohra is the Chief Talent Strategy Officer for ACS Solutions. In this role, Promod is responsible for overseeing the Global HR operations and innovative talent management strategies to ensure that ACS continues to play a critical role in the staffing and solutions industry.

Prior to joining the ACS team, Promod was the Dean of the College of Engineering and Engineering Technology (CEET) at Northern Illinois University in DeKalb, IL. As the Dean of CEET, Promod oversaw unique curricular programs and responded to the needs of regional and industrial partners. He also built a corporate partnership network which impacted student readiness, scholarships, funding, lab development, joint research endeavors, curricular partnerships, and innovation.

With more than 35 years of professional and academic expertise, Promod built a path of student career success starting from recruitment to placement. In doing so, he developed partnerships with more than 500 businesses and created mutually beneficial relationships. He has always considered workforce development and training to be an essential part of any economic activity. His commitment to serving the country by creating a well-educated workforce has been the central piece of his career. His transition to ACS extends his career in workforce development, training, and staffing.

Promod holds a B.S.E.E. degree in Electrical Engineering from Delhi College of Engineering, New Delhi, India; an M.S.E.E. in Electrical Engineering and an Ed.D. in Instructional Technology, both from Northern Illinois University in DeKalb, IL.
