**Analysts International Corporation Wins Inavero's Best of Staffing® Client Award  
Fourth Year in a Row**

*Average client satisfaction scores more than three times higher than the industry average*

**Atlanta, GA – February 23, 2015** – Analysts International Corporation (AIC), a leading information technology services company, today announced that they have once again won Inavero's Best of Staffing® Client Award for providing superior service to their clients. Presented in partnership with CareerBuilder, Inavero's Best of Staffing Client winners have proven to be industry leaders in service quality based completely on the ratings given to them by their clients. With satisfaction scores more than three times higher than the industry average, award winners make up less than two percent of all staffing agencies in the U.S. and Canada who earned the Best of Staffing Award for service excellence.

With a focus on providing U.S. companies with top notch IT talent for their project needs, AIC received satisfaction scores of 9 or 10 out of 10 from nearly 75 percent of their clients, significantly higher than the industry's average of 32 percent.

"Exceptional client service has been the hallmark of AIC's business for nearly 50 years," said Raj Sardana, Chief Executive Officer for ACS Group which purchased AIC in October 2013. "We are proud and honored to carry on this great tradition of service and to be recognized for our efforts in this way. This is a strong testament to the work of our employees and their commitment and dedication to serving our clients," added Sardana.

"With a tightening labor market and a need for growing companies to stay flexible, staffing agencies are placing more people into employment opportunities than at any other point in U.S. history," said Inavero's CEO, Eric Gregg. "More companies than ever before need a staffing agency with a proven commitment to service excellence. Bestofstaffing.com is the place to find winning agencies that place talent with the skills you need in your city or state. We are incredibly proud of the accomplishment of our 2015 award recipients."
